FOUR OPTIONS COURSES

BE VERY CAREFUL IN SELECTING YOUR FOUR OPTIONS COURSES. THE UNIVERSITY YOU PLAN TO ATTEND MAY INFLUENCE WHICH COURSES YOU CHOOSE. THE CHART BELOW INDICATES WHICH OPTIONS COURSES YOU SHOULD TAKE FOR THE UNIVERSITIES LISTED WITH WHICH WE HAVE TRANSFER AGREEMENTS. IF YOU ELECT TO ATTEND A UNIVERSITY OTHER THAN THOSE LISTED, YOU SHOULD CONSULT WITH THAT UNIVERSITY TO DETERMINE WHICH FOUR COURSES YOU SHOULD CHOOSE.

Boise State University	Idaho State University	Southern Utah University	University of Utah	Utah State University	Weber State University
Acctg 312	Acctg 322	Acctg 312	Acctg 312	Acctg 312	Acctg 312

*Acctg 322 and 344 can be taken as part of Boise State University's masters program if you take them there. However, if you take them at BYU-Idaho, you will need to choose two other courses in the masters program at Boise State.

CLUSTERS

Clusters are designed to allow the student to pick interrelated courses that will supplement their major and/or career path goals. Students planning on pursuing a Masters of Accountancy Degree should complete the Cluster in Business indicated below, and one other cluster which should be structured around the transfer school requirements. An example would be Math 119 to meet the requirements of Utah State University, or Math 110 or higher to meet the requirements of Idaho State University (Math 221 does not meet this requirement).

Cluster in Business			Cluster in _____	
B 321	Organizational Behavior	3		
B 341	Marketing Management	3		
B 361	Operations Management	3		
B499B	Business Strategy	3		
Total		12	Total 12	

CPA CONSIDERATIONS

Students desiring to sit for the CPA exam will need an additional year of study since nearly all states require 150 credit hours of college preparation to sit for the exam. Those desiring CPA certification should transfer to another university upon graduation from BYU-Idaho to obtain a MAcc Degree or an MBA Degree.
