UNIVERSITY STORE

The University store provides students with textbooks, classroom supplies, and a wide variety of discretionary and convenience items. The following tips can help in having a successful Bookstore experience:

Avoid the Rush

To avoid the lines during the busy back-to-school period, you can use the textbook reservation system; purchase your textbooks online at www.byuistore.com. or shop early at the store. Many textbooks are on the shelves up to three weeks prior to the beginning of classes.

Returns

Textbooks purchased at the beginning of a semester may be returned for full refund until the last day of the no penalty add/drop period. Returned books must be in resalable condition and a receipt must be provided for proof of purchase.

Buy Back

The University Store buys used textbooks at the end of the semester during test week. The number of books bought depends on estimated future course enrollments. Students who purchase their textbooks from the University Store will have the first opportunity to sell their textbooks. Excess textbooks and books not being used again on campus are bought at the same location by a wholesale book company for resale in the national textbook market.

Check Cashing

Checks may be cashed for up to \$25 over the amount of purchase. A current student ID must be presented and the student number, local address, and telephone number must be clearly written on all checks. Payroll checks or large personal checks may be cashed at the Cashier's Office in the Kimball Building.

Student Charges

All registered students have a charge account set up through the Brigham Young University–Idaho Accounting Office. This account can be used to purchase textbooks, computers, and school supplies. The balance must be paid off within thirty days of the date of purchase. Payments can be made at the Accounting Office in the Kimball Building.

BYU-IDAHO INTERNSHIP & CAREER SERVICES

An academic internship is a valuable and integral component of a BYU–Idaho education. In most cases, an academic internship is a required element for both associates and bachelors programs. A BYU–Idaho academic internship is a cooperative program between the University and approved Experience Providers (employers). The purpose of an internship is to obtain practical and valuable work experience, to apply skills and knowledge learned in school, and to gain exposure to various job opportunities. Many internships are paid experiences and typically last one academic semester in length. Students are generally encouraged to complete a full-time academic internship.

The Internship Office located in Kimball 230 is the central location to help organize, promote, and coordinate the internship process. The Internship Office is to help with legal problems, act as a resource center, ensure academic consistency, coordinate internship information, and assist with paperwork. A faculty internship coordinator has also been assigned to each academic department/major to assist with the understanding and arrangement of each academic internship experience.

Listed below are general academic internship guidelines:

- 1) The internship must be directly related to a student's major or field of study.
- 2) The faculty department internship coordinator, as well as the University internship director must approve the internship.
- 3) The internship must be for academic credit using the 198/298/398/498 course numbers. The faculty internship coordinator must approve academic credit.
- 4) Students registering for academic internship credit must follow all registration guidelines and deadlines.
- 5) Specifically defined learning objectives, Experience Provider supervision, reports, and a signed Student Internship Agreement between the student and the faculty department internship coordinator are necessary to qualify for internship credit.

The Career Services Office helps students and alumni of BYU–Idaho prepare to present themselves successfully to potential employers and experience providers. The mentoring services website provides students with online seminars, literature, and samples to help them get started writing their résumés, cover letters, and to prepare for their interviews. They can then schedule an appointment with a trained mentor to receive one-on-one feedback and guidance for applying these principles and ideas to their specific needs and situation. One-on-one mentoring services include résumé reviews, cover letter reviews, and practice job interviews.

Career Workshops and Career Management Seminars are available to teach students the following: finding, assessing and marketing their skills, networking effectively, communicating with power (both in writing and orally), enhancing negotiation skills, making finances their slave not their master, setting and achieving goals, and the art of selling themselves.

For additional information regarding academic internships or career services, please visit our website at <http://www.byui.edu/careerservices>, or contact the BYU–Idaho Internship and Career Services Office at (208) 496-2176 or at internships@byui.edu.
