Internship	Credits
HS 498**	1-3
Total Credits	
1-3	

**Typically internships must be a minimum of 10 weeks in duration, with at least 10 hrs per week. Some departments may vary this requirement depending on the course of study. Please check with your major's internship coordinator for specific details and internship approval. Internships may be completed during any full length semester, regardless of track, and may be taken alone or with other course work. In some fields it is advisable to complete an internship after all other required coursework is complete in order to be most beneficial and aid in potential employment, if desired.

NOTE: A module is a group of courses that focuses on a specific area of study. There are several modules to choose from. One module must be completed to meet graduation requirements. Be aware that some module courses may have prerequisites which are not included in this plan.
