Sweden
Sweden Summer 2013

Situated in the North of Europe where the Baltic meets the North Sea, Sweden has been an important crossroads for European culture from the age of the Vikings to the era of Volvos. On this study abroad program, we will enjoy the long summer days as we learn about the heritage and culture that produced everything from Carl Larsson to IKEA, with a particular eye to the history and development of Scandinavian design. Whether your interest is in family history, art, design, or the midnight sun, don’t miss out on this singular opportunity to discover your inner Viking and experience Sweden up close and in a way that you will never forget.
