TO WHOM IT MAY CONCERN:

Official verification of enrollment certificates for Brigham Young University–Idaho are now provided through the National Student Clearinghouse (NSC), BYU–Idaho’s authorized certifying agent. BYU–Idaho does not provide manually prepared enrollment verifications. Instead, students can now obtain the following documents from NSC to verify current and historical enrollment status:

1. **Enrollment Certificate – Current Enrollment:** verifies the enrollment of the student for the current term

2. **Enrollment Certificate – All Enrollments:** verifies the enrollment of the student for each term in which the student was enrolled

3. **Good Student Discount Certificate:** verifies proof of Good Student status based on a 3.0 or higher semester GPA

BYU–Idaho updates its information with NSC a minimum of four times each semester. Please accept National Student Clearinghouse documents as official proof of enrollment verification and Good Student certification for BYU–Idaho.

If preferred, you may also obtain enrollment information directly from NSC for a nominal fee at [http://www.studentclearinghouse.org/](http://www.studentclearinghouse.org/).

Sincerely,

Kyle R. Martin
