

Class	Winter/10	Spring/10	Fall/10	Winter/11	Spring/11	Fall/11	Winter/12	Spring/12	Fall/12
Geol 111 Physical Geology	Offered every semester (Fall, Winter, & Spring)								
Geol 112 Historical Geology									
Geol 340 Intro to GIS/GPS	Offered every Fall and Winter semester (if there are not sufficient students W semester, it will								
Geol (240) Oceanography & Meteorology	Offered every Fall semester								
Geol 250 Rocks & Minerals									
Geol 350 Mineralogy & Petrology									
Geol 210 Intro to Field Geology									
Geol 311 Structural Geology									
Geol 370 Stratigraphy & Sedimentation									
Geol 380 Regional Geology	Offered every Spring semester (as a full-semester course)								
Geol 410 Advanced Field Methods	Offered every Spring semester (as a second-block course)								
Geol 404 Environmental Geology	X				X		X		
Geol 411 Geomorphology				X					
Geol 412 Geology of North America			X						X
Geol 420 Geochemistry	X				X		X		
Geol 425 Petroleum Geology	X				X		X		
Geol 435 Hydrology		X		X				X	
Geol 440 Applied GIS			X			X			X
Geol 445 Applied Geophysics		X		X				X	
Geol 480 Paleontology	X (2nd block)							X	
<b>Notes for Geology Majors:</b> - Take Geol 350 & Geol 340 together during the fall semester of your sophomore year. - Take Geol 210, 311, & 370 together during the fall semester of your junior year.
