## Thank You

Don and I would like to thank all of you for the beautiful plant, kind words and cards that were sent to our family in behalf of the recent passing of my father. It is a great comfort to be able to work with such caring people. Your thoughts are very much appreciated.

*Don & Jolynn Reed*

On behalf of my family, I wish to thank the university for the beautiful flowers that were sent to the funeral of my mother, Kathleen (Joe) Woolf. She will be greatly missed, but we rejoice in her reunion with our father, Joe. She was a woman of many talents and an example of how an ordinary woman can touch many lives. As a family, we have felt the prayers and concern in our behalf and have been blessed with many tender mercies through this experience. My life is truly blessed by my association with all of you.

*Dixie W. Nordfelt and extended family*

We would like to express thanks to the many friends and colleagues who have shown such kindness and concern at the recent passing of my mother.

*Oliver & Cassandra Sykes*
