## Objective

To add a new assignment where students can submit documents electronically to a course in I-learn.

## Instructions

1. Access the content area the assignment is located in either through the “Control Panel” or by clicking “Edit View.”

2. Locate the assignment and click “Modify” to the right of the assignment name.

The screenshot shows a Blackboard course page for 'WORLD FOUNDATIONS FOR TUTORIALS (SAMPLE FOR TUTORIALS)'. The breadcrumb trail includes: CONTROL PANEL > LESSONS > LESSON 13: DANTE'S DIVINE COMEDY > LEARNING ACTIVITIES > ACTIVITY 01: COMPLETE THE DANTE ESSAY. The main heading is 'Activity 01: Complete the Dante Essay'. Below this, there are navigation options: Item, Folder, External Link, Course Link, Text, and Select (set to Learning Unit). A 'Discover Content' button is also present. The assignment list shows 'Lesson 13 Activity 01' with a 'Modify' button circled in red. The assignment details include an estimated time of 180 minutes and three steps: Step 1 (writing a 3-page essay), Step 2 (having a classmate read a draft), and Step 3 (submitting the essay).

3. Make the necessary edits.

The screenshot shows the 'Modify Assignment' page for 'Lesson 13 Activity 01'. The 'Name' field is circled in red and contains the text 'Lesson 13 Activity 01'. The 'Points Possible' field is also circled in red and contains the value '180'. Below these fields, there are sections for 'Description Information' and 'Instructions'. The 'Instructions' section contains the same text as seen in the previous screenshot, including the three steps of the assignment.

4. Click "Submit" when finished.

Step 1: Save a document or content you formatted a list of your pages and give both samples as they are when...

Step 2: Submit your work to the submission page. Do not follow...
