JetBlue Airways
118-29 Queens Blvd.
Forest Hills, New York 11375

To Whom it May Concern:

JetBlue is a company of originality, success, and adaptation to change; it is an innovator in the airline industry that has established a high reputation. When surrounded by that type of work environment, a person will take on and further develop those same attributes. Not only is the environment a great teaching tool, but it is sustained by people with drive, passion, and enthusiasm, which I know I possess. It would be a great opportunity for me to work as an intern for your company.

Through past work experiences I have been able to learn a lot from those I worked under. For example, I discovered the importance of having a deep care for the quality of my work. As a result I found my work being appreciated by my supervisors because of my ability to be detailed. I also learned to be a self-starter; I have experience in maintaining high productivity and accomplishing tasks that were beneficial to the company, regardless of a lighter workload.

It would be a great learning opportunity for me to work along side those that make your company successful. At the same time, I am confident that my personal disposition, enthusiasm, and experiences will be an asset to you.

Further qualifications can be found through my resume and references page. I hope you find my abilities to be a good fit for what you desire in a future employee. To further discuss opportunities for me in your company, please contact me at [208.709.1995](tel:208.709.1995) or bun05002@byui.edu. I look forward to hearing from you soon.

Kind Regards,

Stacy Toone
