

www.worldvitalrecords.com

The goal of this class is to help you to be able to find things on the website worldvitalrecords.com.

This site is available for free at LDS Family History Centers or it can be purchased. The site is divided into two collections, one for the US and one for the World. The World collection includes the US collection. You can purchase monthly or annual subscriptions for either collection.

This site has a wide variety of information from all over the world. It includes mostly indexes and some images. The information can be frustrating to access since the search engine is not very good but with some patience, you can find valuable information.

Tips and tricks on how to find things on this site.

- Search one database at a time
- Enter as little information as possible
- Search by area
