

Pre-Chiropractic Prerequisite Requirements

Every school has different requirements. These are the most common classes that schools will require. Many Chiropractic schools do not have specific requirements, but instead, require a certain number of credits from the following prerequisites list. For example, they may require 24 credits of science and accept any of the Biology, Chemistry, or Physics courses listed below toward those 24 credits. Other chiropractic schools have specific requirements. It is **very important** to review the requirements for the schools you are considering. Students generally need to complete 90 semester hours of coursework. An actual bachelor degree may not be required, but we recommend you complete a Bachelor's degree.

Prerequisite	BYU-Idaho Course Code	Course Title
Biology (8cr.)	BIO 180 and BIO 180L; BIO 181 and BIO 181L	General Biology
Chemistry (12 cr.)	CHEM 105 and CHEM 105L; CHEM 106 and CHEM 106L	Inorganic Chemistry
	CHEM 351 and CHEM 351L	Organic Chemistry
Physics (8 cr.)	PH 105 and PH 106	Introductory Applied Physics
Mathematics (Requirements Vary)	MATH 110x & MATH 111 or MATH 109*	College Algebra & Trigonometry
		Pre-calculus
	MATH 221	Statistics
English (Requirements Vary)	FDENG 101	Writing and Reasoning Foundations
	FDENG 301	Advanced Writing and Research
Social Sciences (Typically 6 to 9 cr.) (Requirements Vary)	PSYCH 111	Psychology
	SOC 111	Sociology
Humanities, Arts, and Languages (Requirements Vary)	Any HUM, ART, LANG, FDREL, POLS, GEOG, MUSIC, and PHIL	Any Humanities, Art, Language, Religion, Government, Political Science, Geography, Music, or Philosophy classes
Recommended (Requirements Vary)	BIO 264/BIO 264L	Anatomy & Physiology 1 & 2
	BIO 265/BIO 265L	
	HRHP 359	Intro to Kinesiology and Biomechanics
	ESS 375	Exercise Physiology
	CHEM 352 and CHEM 352L	Organic Chemistry II (with labs)
	CHEM 481	Biochemistry

*MATH 109 is the equivalent of MATH 110X and MATH 111 taken together
