

## AAS in Architectural Technology (345)

Catalog Year  
2012 - 2013

**General Information:**

Academic Advising has provided a **recommended graduation plan** for every major we offer.

- This plan is built to meet the University’s minimum credit requirement (120 credits for a bachelor’s degree and 60 for an associate) in 8 semesters or less. Each plan includes all required courses, including Foundations and major as well as emphasis, minor or clusters (if applicable). The plan may also include elective courses to meet the credit requirement.
- Please note the following terms: Groups = A term used on the Degree Audit to reference a required group of classes that may be pre-selected or from which you can choose; Elective = any course offering at BYU-Idaho which you are eligible to take; Major Elective = a required course from a list of multiple course options within your major. (A certain number of “major electives” may be required for your major, but you can select which course to choose from the given list.)

Semester 1	Credits	Semester 2	Credits	Off-Track	Credits	Semester 3	Credits
ARCH 100	3	CONST 260	3	***CONST 398R	1-2	ARCH 160	3
CONST 120	3	CONST 280	3	*FDMAT 108 or		ARCH 310	3
**MATH 111 or 109	2-5	ARCH 120	3	FDMAT 108T	1-3	ARCH 190	3
FDREL 121 or 122	2	ARCH 180	3	FDREL Elective	2	ARCH 220	3
FDENG 101	3	*FDMAT 112	4			FDENG 201	3
		FDREL 121 or 122	2			PH 105	4
<b>Total Credits</b>	<b>13-16</b>	<b>Total Credits</b>	<b>18</b>	<b>Total Credits</b>	<b>4-7</b>	<b>Total Credits</b>	<b>19</b>
Semester 4	Credits						
ARCH 300	3						
ARCH 270	3						
ARCH 290	3						
CONST 330	3						
Tech Elective	3						
Tech Elective	4						
FDREL 200	2						
<b>Total Credits</b>	<b>21</b>						

**Special Instructions**

\*Students will need to either take FDMAT 108-Mathematical Tools for the Real World (3 cr) or FDMAT 108T-Math for the Real World Test (1 cr) to complete the Quantitative Reasoning Requirement for Foundations. The prerequisite for FDMAT 108T will be the successful completion of any FDMAT course. If a student chooses the FDMAT 108T option, the department recommends that students majoring in Arch Tech and planning on transferring in Architecture, choose FDMAT 112-Calculus as the prerequisite for FDMAT 108T. Please see the Math homepage for more information on the Quantitative Reasoning requirement (<http://www.byui.edu/mathematics/fdmat108>).

\*\*If the student has completed College Algebra then MATH 111 is recommended before FDMAT 112. If they have not completed College Algebra MATH 109 pre-Calculus is recommended.

\*\*\*CONST 398R Internship is now an elective and needs to be taken during the off-track semester. If you do not take it during your off-track you will need to plan a technical elective in another semester.

#Please see the department course offering schedule at (<http://www2.byui.edu/ArchitectureandConstruction/Documents/everyotherofferings.pdf>)

**Instructions:**

Now that you have seen the sample schedule for your major, please chart your own personalized plan taking into account the following: track, course availability, completed coursework, and planned graduation. Use this sample schedule, along with your degree audit, to create your plan. You can access your degree audit from your my.byui.edu portal under the Student tab, Degree Information. Once you have completed your planning, please bring this form to the Satellite Advising Center over your major so that an advisor can approve your plan and help you with any fine-tuning.
