

BS in Civil Engineering (465)

Catalog Year
2012 - 2013

General Information:

Academic Advising has provided a **recommended graduation plan** for every major we offer.

- This plan is built to meet the University's minimum credit requirement (120 credits for a bachelor's degree and 60 for an associate) in 8 semesters or less. Each plan includes all required courses, including Foundations and major as well as emphasis, minor or clusters (if applicable). The plan may also include elective courses to meet the credit requirement.
- Please note the following terms: Groups = A term used on the Degree Audit to reference a required group of classes that may be pre-selected or from which you can choose; General Elective = any course offering at BYU-Idaho which you are eligible to take; Major Elective = a required course from a list of multiple course options within your major. (A certain number of "major electives" may be required for your major, but you can select which course to choose from the given list.)

Semester 1	Credits	Semester 2	Credits	Semester 3	Credits	Semester 4	Credits
ME 101	1	ME 142	3	ME 202	3	ME 250	3
ME 172	3	ME 201	2	ME 204	3	ME 250L	1
∞FDSCI 101	2	CHEM 105	4	MATH 215	4	ME 330	3
*FDMAT 112	4	FDENG 101	3	CONST 340	3	MATH 316	4
# Elective Credit	3	FDREL 121 or 122	2	FDREL 200	2	FDENG 201	3
FDREL 121 or 122	2					FDREL Scripture-based	2

		ME 398 (1 cr)		FDREL Scripture-based	2	FDREL Elective	2
		ME 490 (1 cr)					
		FDAMF 101	3				
		FDREL Elective	2				
Total Credits	15-16	Total Credits	15	Total Credits	15	Total Credits	15

Special Instructions

~Civil Engineering is a Specialized major; no minor or clusters allowed.

*Students will need to take either FDMAT 108-Mathematical Tools for the Real World (3 cr) or FDMAT 108T-Math for the Real World Test (1 cr) to complete the Quantitative Reasoning Requirement for Foundations. The prerequisite for FDMAT 108T will be the successful completion of any FDMAT course. The Mechanical Engineering department recommends that students majoring in CE choose FDMAT 112-Calculus as the prerequisite (FDMAT 112 is a pre-requisite for ME 201) and take FDMAT 108T. Please see the Math homepage for more information on the Quantitative Reasoning requirement (<http://www.byui.edu/mathematics/fdmat108/fdmat108t-%28test-out%29>).

**Students are encouraged to complete an internship (ME 398) during their off-track.

***See catalog for Emphasis courses.

∞It is recommended that students choose Option C to complete their Science Foundations requirement, which would be completed with FDSCI 101, CHEM 105, PH 127, and ME 101.

If you did not take a physics class in high school, it is recommended you take PH 121 for this elective.

##ABET Science Requirement: choose Bio 221-Microbiology (environmental emphasis) or Geol 111 & Geol 111L (soils and general CE emphasis)

###Complete FDINT 201-203 if a FDHUM course was previously taken or complete FDWLD 201 if FDWLD 101 was taken. (5 credits required.)

Instructions:

Now that you have seen the sample schedule for your major, please chart your own personalized plan taking into account the following: track, course availability, completed coursework, and planned graduation. Use this sample schedule, along with your degree audit, to create your plan. You can access your degree audit from your my.byui.edu portal under the Student tab, Degree Information. Once you have completed your planning, please bring this form to the Satellite Advising Center over your major so that an advisor can approve your plan and help you with any fine-tuning.
