

AAS in Architectural Technology (345)

Catalog Year
2013 - 2014

General Information:

Academic Advising has provided a **recommended graduation plan** for every major we offer.

- This plan is built to meet the University's minimum credit requirement (120 credits for a bachelor's degree and 60 for an associate) in 8 semesters or less. Each plan includes all required courses, including Foundations and major as well as emphasis, minor or clusters (if applicable). The plan may also include elective courses to meet the credit requirement.
- Please note the following terms: Groups = A term used on the Degree Audit to reference a required group of classes that may be pre-selected or from which you can choose; Elective = any course offering at BYU-Idaho which you are eligible to take; Major Elective = a required course from a list of multiple course options within your major. (A certain number of "major electives" may be required for your major, but you can select which course to choose from the given list.)

Semester 1		Semester 2		Off-Track		Semester 3	
ARCH 100	3	CONST 260	3	CONST 298R	2	*ARCH 201	3
CONST 120	3	CONST 280	3			ARCH 300	3
MATH 111	2	ARCH 120	3			ARCH 190	3
FDREL 121	2	*ARCH 180	3			FDREL 200	2
FDENG 101	3	FDREL 122	2			~ Technical Elective	3
~ Technical Elective	3	FDENG 201	3			*FDMAT 108	3
Total Credits	16	Total Credits	17	Total Credits	2	Total Credits	17
Semester 4							
ARCH 270	3						
ARCH 310	3						
CONST 330	3						
~ Technical Elective	3						
PH 105	4						
FDREL Elective	2						
Total Credits	18						

Special Instructions

^ These Architecture classes are on a rotating schedule, please see the department website for course offering.

~ The number of credits for each elective course varies, plus you may or may not have fulfilled the prerequisite courses for some of these courses. Only 7 elective credits are required for this major. Please refer to the Technical Electives List in the catalog by following this link: <http://www.byui.edu/catalog>

* Students will need to either take FDMAT 108-Mathematical Tools for the Real World (3 cr) or FDMAT 108T-Math for the Real World Test (1 cr) to complete the Quantitative Reasoning Requirement for Foundations.

The prerequisite for FDMAT 108T will be the successful completion of any FDMAT course. If a student chooses the FDMAT 108T option, the department recommends that students majoring in Arch Tech and planning on transferring in Architecture, choose FDMAT 112-Calculus as the prerequisite for FDMAT 108T. Please see the Math homepage for more information on the Quantitative Reasoning requirement (<http://www.byui.edu/mathematics/fdmat108>).

(FDMAT 112 will count as an Elective Course for Architecture (345) as well as a prerequisite for the FDMAT 108T and PH 105.)
