

BS in Welding Fabrication Technology Management (474) Winter Odd

Catalog Year
2013 - 2014

General Information:

Academic Advising has provided a **recommended graduation plan** for every major we offer.

- This plan is built to meet the University's minimum credit requirement (120 credits for a bachelor's degree and 60 for an associate) in 8 semesters or less. Each plan includes all required courses, including Foundations and major as well as emphasis, minor or clusters (if applicable). The plan may also include elective courses to meet the credit requirement.
- Please note the following terms: Groups = A term used on the Degree Audit to reference a required group of classes that may be pre-selected or from which you can choose; General Elective = any course offering at BYU-Idaho which you are eligible to take; Major Elective = a required course from a list of multiple course options within your major. (A certain number of "major electives" may be required for your major, but you can select which course to choose from the given list.)

Special Instructions

- ** Take two 200 level FDSCI courses totaling 5 credits.
- *** Complete either FDCA 201-206 if FDCA 101 course was previously taken; or complete FDWLD 201 if FDWLD 101 was taken.
- # Elective: 13 additional credits are needed for graduation (to total overall credits to 120 for graduation)
- ## Take one course from following list: ME 299; ME 398; B 398. If choosing the internship (398), it is recommended that it be taken during the off-track between the Jr. and Sr. year.
