

BS in Automotive Technology (412-144) (Winter/Spring)

General Emphasis

Catalog Year
2014 - 2015

General Information:

Academic Advising has provided a **recommended graduation plan** for every major we offer.

- This plan is built to meet the University's minimum credit requirement (120 credits for a bachelor's degree and 60 for an associate) in 8 semesters or less. Each plan includes all required courses, including Foundations and major as well as emphasis, minor or clusters (if applicable). The plan may also include elective courses to meet the credit requirement.
- Please note the following terms: Groups = A term used on the Degree Audit to reference a required group of classes that may be pre-selected or from which you can choose; General Elective = any course offering at BYU-Idaho which you are eligible to take; Major Elective = a required course from a list of multiple course options within your major. (A certain number of "major electives" may be required for your major, but you can select which course to choose from the given list.)

Winter	Credits	Spring	Credits	Off-Track	Credits	Winter	Credits

Special Instructions

~PLEASE NOTE: This is one possible sequence for Winter/Spring track; it is not a required sequence.

~Automotive students must be on a winter track; if you are not on a winter track (Fall/Winter or Winter/Spring), Please see the Academic Discovery Center in Austin 106A, (208) 496-9880

*A student must have completed at least 20 credits of automotive courses before registering for AUTO 340.

**Complete both FDCA 101 and a FDCA 200-level course, or complete FDWLD 101 and FDWLD 201.

^Take only if total credits are under 120 credits.
