

BS in Construction Management - with Business Minor (605)

Catalog Year
2014 - 2015

General Information:

Academic Advising has provided a **recommended graduation plan** for every major we offer.

- This plan is built to meet the University's minimum credit requirement (120 credits for a bachelor's degree and 60 for an associate) in 8 semesters or less. Each plan includes all required courses, including Foundations and major as well as emphasis, minor or clusters (if applicable). The plan may also include elective courses to meet the credit requirement.
- Please note the following terms: Groups = A term used on the Degree Audit to reference a required group of classes that may be pre-selected or from which you can choose; General Elective = any course offering at BYU-Idaho which you are eligible to take; Major Elective = a required course from a list of multiple course options within your major. (A certain number of "major electives" may be required for your major, but you can select which course to choose from the given list.)

BS in Construction Management (605) (continued)

Catalog Year

2014 - 2015

Special Instructions

~Construction courses may be taken any semester they are offered as long as prerequisites are met.

~Students majoring in Construction Management are required to select either the Business Management Minor (189) or a Business Management Cluster. If a Business Management cluster is chosen, an additional cluster must be chosen from the Construction Management Pre-Approved Clusters list. Please visit the Advising Office to declare either minor or clusters by end of sophomore year.

*Complete both FDCA 101 and a FDCA 200-level course, or complete FDWLD 101 and FDWLD 201.

**CONST 298 - Internship recommended during off-track between sophomore and junior years.

***CONST 498 - Internship recommended during off-track between junior and senior years.
