

## BS in Biochemistry (705)

Catalog Year  
2014 - 2015

### General Information:

Academic Advising has provided a **recommended graduation plan** for every major we offer.

- This plan is built to meet the University's minimum credit requirement (120 credits for a bachelor's degree and 60 for an associate) in 8 semesters or less. Each plan includes all required courses, including Foundations and major as well as emphasis, minor or clusters (if applicable). The plan may also include elective courses to meet the credit requirement.
- Please note the following terms: Groups = A term used on the Degree Audit to reference a required group of classes that may be pre-selected or from which you can choose; General Elective = any course offering at BYU-Idaho which you are eligible to take; Major Elective = a required course from a list of multiple course options within your major. (A certain number of "major electives" may be required for your major, but you can select which course to choose from the given list.)

Semester 1	Credits	Semester 2	Credits	Semester 3	Credits	Semester 4	Credits
CHEM 105	4	CHEM 106	4	CHEM 351	4	CHEM 352	4
*FDMAT 112	4	BIO 180	4	BIO 321	4	CHEM 391	2
FDREL 121	2	MATH 113 or MATH 215	3-4	BIO 181	4	PH 121	3
FDENG 101	3	FDREL 122	2	FDENG 201	3	PH 150	1
**FDSCI 101	2	***Cultural Awareness	2			FDREL Scripture-based	2
						FDAMF 101	3

Semester 8	Credits	Special Instructions					
CHEM 482	3	~Students not on a Fall/Winter or Winter/Spring track will need to contact the Physical Sciences & Engineering Academic Discovery Center, Austin 106 (208-496-9880) to declare Chemistry as a major. They will also need to meet with them during the beginning of their fourth semester to either apply for Fast Grad or have their track adjusted.					
CHEM 468	3	~Meet with your Chemistry faculty mentor ASAP to choose a minor (must be in an area outside of Chemistry) and optimize your grad plan! Chemistry Department: 287 Romney; 208-496-770.					
CHEM 485	1	#CHEM 498 Internship is typically completed during the off-track semester before the senior year. Student presents an internship seminar the following semester.					
FDCNC 350	2	*Students will need to take Calculus (FDMAT 112 or its equivalent) as a prerequisite for additional courses. If you complete FDMAT 112 here then you should take FDMAT 108T (1 credit). If Calculus was completed previous to attending then you would complete FDMAT 108 (3 credits). Either option will complete the 120 credit requirement for graduation. Please see the Math homepage for more information on the Quantitative Reasoning requirement.					
FDREL Elective	2	**Choose Option C for the Foundation Science requirement.					
General Elective	4	***Complete both FDCA 101 and a FDCA 200-level course, or complete FDWLD 101 and FDWLD 201.
