

BS in Physics (770-154) Astronomy Emphasis

Catalog Year
2014 - 2015

General Information:

Academic Advising has provided a **recommended graduation plan** for every major we offer.

- This plan is built to meet the University's minimum credit requirement (120 credits for a bachelor's degree and 60 for an associate) in 8 semesters or less. Each plan includes all required courses, including Foundations and major as well as emphasis, minor or clusters (if applicable). The plan may also include elective courses to meet the credit requirement.
- Please note the following terms: Groups = A term used on the Degree Audit to reference a required group of classes that may be pre-selected or from which you can choose; General Elective = any course offering at BYU-Idaho which you are eligible to take; Major Elective = a required course from a list of multiple course options within your major. (A certain number of "major electives" may be required for your major, but you can select which course to choose from the given list.)

Semester 1	Credits	Semester 2	Credits	Semester 3	Credits	4 - winter/spring	Credits
PH 150	1	MATH 215	4	MATH 316	4	PH 291	2

Total Credits	15

Special Instructions

This is the Graduation Plan for BS in Physics - Astronomy Emphasis (770-154)

*It is recommended that students choose Option C to complete their Science Foundations requirement.

#PH 277 is a fall only course

##PH 374 is offered in the winter of even years

Since PH 374 is required for the emphasis are, another PH elective will be required to meet the Core Requirements.

^Take only if total credits are less than 120.
