Military Science is administered by the Army Reserve Officer Training Corps (ROTC). The Army ROTC program is designed to produce highly qualified commissioned officers in the U.S. Army, the U.S. Army Reserve, and the U.S. Army National Guard. In this sense it is very much like the Military Academy at West Point. The BYU-Idaho program is an extension of Boise State University Army ROTC.

The ROTC program encompasses a four-year period tailored to the normal progression of a student through four years of college, but Military Science is a minor field of study. Students are expected to specialize in a major field of their choice. The instruction program compliments the academic schedule of the university and is taught by professional Army officers and non-commissioned officers. Army ROTC is designed to teach principles and techniques of leadership and management in preparation for service as an Army officer and a civic leader.

To complete a Military Science minor and become an officer in the U.S. Army, a student must be a U.S. citizen and must meet the academic and physical requirements of ROTC. However, the Military Science program is designed so that the first two years of study are open to most students and 100–200 level classes can be taken without incurring a military obligation. Eligible students are encouraged to contract with the Army as soon as they have met the qualifications, but are not required to do so during the first two years. After students have completed the first two years (the basic course) and reached junior status they must contract with the Army to continue in the advanced course and be commissioned as an Army lieutenant upon graduation from BYU-Idaho.

There are different options that will fulfill the requirements for the basic course to include basic military training (a.k.a. Boot Camp) and the Leadership Training Course at Fort Knox, Kentucky. Alternate entry options must be approved through the Professor of Military Science.

Simultaneous Membership Program (SMP)

A program allowing for simultaneous membership in the National Guard or Army Reserve during the junior and senior year that provides additional pay (up to \$500 per month) as an officer trainee.

Uniforms and Training Materials

Uniforms and training materials are furnished by the U.S. Army.

Army ROTC Scholarship Program

Full tuition assistance is available on a competitive basis. College students enrolled in Army ROTC may qualify for a two, three, or four year scholarship. The scholarship provides for full tuition, fees, a textbook allowance, and a monthly stipend.

Extracurricular Activities

Army ROTC cadets extend academic and laboratory associations into a variety of extracurricular activities. Among these are the Ranger Challenge Club, Army Color Guard, an annual Military Ball, rafting, rappelling and more.

Minor in Military Science (179)

Minor Requirements

No Double Counting of Minor Courses - No Grade Less Than D- in Minor Courses

Core Courses <i>Take 1 Option:</i>		Leadership Courses <i>Take these courses:</i>	<i>Program Notes:</i>
Option A <i>Take these courses:</i> MS 101 1 MS 102 1 MS 201 2 MS 202 2 _____ 6 <i>Take this course 4 times:</i> MS 115R 1 4	Option B MS 290 6 6 Option C MS 297 Basic Training 6 6	MS 301 2 MS 302 2 MS 303 4 MS 401 3 MS 402 3 14 Military History <i>Take this course:</i> MS 350 3 3	

Total Minor Credits=23

This major is available on the following tracks:

Fall-Winter---- YES

Winter-Spring---- YES

Spring-Fall---- YES

Military Science
Brigham Young University–Idaho 2014-2015

Course Descriptions

Credits*

MS 101 Leadership/Personal Development

(1:1:3)

Concurrent requisite: MS 115

Selected leadership activities such as marksmanship, rappelling, water survival, physical training, drill and ceremonies, field training exercises, orienteering, field communications, and other adventure training. Lab attendance is not required but is highly encouraged.

Lab attendance may affect final grade.

(Winter, Spring, Fall)

MS 102 Foundations in Leadership

(1:1:3)

Prerequisite: MS 101

Concurrent requisite: MS 115

Selected leadership activities such as marksmanship, rappelling, water survival, physical training, drill and ceremonies, field training exercises, orienteering, field communications, and other adventure training. Lab attendance is not required but is highly encouraged.

Lab attendance may affect final grade.

(Winter, Spring, Fall)

MS 115R Basic Course Physical Fitness

(1:0:3)

Repeatable Course: may earn maximum of 4 credits

Concurrent requisites: Take either MS 101, MS 102, MS 201, or MS 202

Open to all students. Optional for students in MS 101 and 102; required in MS 201 and 202 if contracted. Participate in and learn to lead a physical fitness program. Emphasis on the development of an individual fitness program and the role of exercise and fitness in one's life.

(Winter, Spring, Fall)

MS 201 Applied Tactical Leadership

(2:2:3)

Prerequisites: MS 101 and MS 102

Concurrent requisite: MS 115

Principles of war, advanced map reading with practical experience, and U.S. military policy. MS 201 will include a variety of subjects that deal with tactical and interpersonal leadership problems.

(Winter, Spring, Fall)

MS 202 Innovative Tactical Leadership

(2:2:3)

Prerequisites: MS 101, MS 102, and MS 201

Concurrent requisite: MS 115

Fundamentals of leadership: communicative skills, counseling, problem solving, time management, discipline ethics, and the role of the non-commissioned officer.

(Winter, Spring, Fall)

MS 290 ROTC Leaders Training Course

(6:6:0)

Introduction to military science for students having little or no military experience.

Provides experiences in management, teaching, first aid, physical conditioning. Qualifies student for ROTC Leadership Development Assessment Course (LDAC).

(Winter and Fall)

MS 297 Basic Training

(6:0:0)

MS 301 Adaptive Team Leadership

(2-3:2:3)

Prerequisites: MS 101, MS 102, MS 201, and MS 202; or MS 297 or MS 290

Course includes a variety of subjects that deal with tactical and non-tactical leadership problems. The course includes instruction in the following areas: applied leadership, basic rifle marksmanship, individual tactical skills, land navigation, and cadet common task subjects. Lab attendance is required.

(Fall)

MS 302 Leadership-Changing Environments

(2-3:2:3)

Prerequisite: MS 301

Course includes a variety of subjects that deal with tactical and non-tactical leadership problems. The course includes instruction in the following areas: applied leadership, basic rifle marksmanship, individual tactical skills, land navigation, and cadet common task subjects. Lab attendance is required.

(Winter)

MS 303 Military Science Practicum

(4:3:3)

Prerequisite: MS 302

Concurrent requisite: MS 350

Culmination of MS 301 and 302. ROTC Leadership Development Accession Course (LDAC) at Fort Lewis, Washington. NOTE: This is required of all contracted students normally between the junior and senior year.

(Spring)

MS 350 U.S. Military History

(3:3:0)

Prerequisite: MS 302

Concurrent requisite: MS 303

Survey of the origins and development of the U.S. Military, with appropriate attention to developments outside the U.S.

(Spring)

MS 380 ROTC Nurse Summer Training Program

(3:3:0)

Prerequisites: MS 101, MS 102, MS 201, MS 202, and MS 290

A 3 week/120 hour clinical leadership experience with an Army Nurse Corps preceptor at an Army hospital in the US or overseas after completion of ROTC Leadership Development Assessment Course (LDAC).

(Fall)

MS 401 Developing Adaptive Leaders

(3:3:0)

Prepares the prospective Army officer for initial assignment. Covers military staff organization and responsibilities, military intelligence, logistics, maintenance and supply; and an introduction to military justice.

(Fall)

MS 402 Leadership in a Complex World

(3:3:2)

Includes discussions of ethics and human relations, counseling techniques, military service in today's society, obligations and responsibilities of an officer, and coordination and operation of the military team. Students receive leadership assessments.

(Winter)

MS 497R Directed Study/Projects

(3:3:0)

Repeatable Course: may earn maximum of 6 credits

Provides senior students with the opportunity to apply the skills they have learned.

Requires simultaneous membership in ROTC and Army Reserve/National Guard.

(Winter, Spring, Fall)
