

BS in Chemistry (710)

Catalog Year
2012 - 2013

General Information:

Academic Advising has provided a **recommended graduation plan** for every major we offer.

- This plan is built to meet the University's minimum credit requirement (120 credits for a bachelor's degree and 60 for an associate) in 8 semesters or less. Each plan includes all required courses, including Foundations and major as well as emphasis, minor or clusters (if applicable). The plan may also include elective courses to meet the credit requirement.
- Please note the following terms: Groups = A term used on the Degree Audit to reference a required group of classes that may be pre-selected or from which you can choose; General Elective = any course offering at BYU-Idaho which you are eligible to take; Major Elective = a required course from a list of multiple course options within your major. (A certain number of "major electives" may be required for your major, but you can select which course to choose from the given list.)

Semester 1	Credits	Semester 2	Credits	Semester 3	Credits	Semester 4	Credits
CHEM 105	4	CHEM 106	4	CHEM 351	4	CHEM 352	4
FDMAT 112	4	MATH 215	4	MATH 316	4	PH 220	3
FDENG 101	3	FDAMF 101	3	PH 121	3	PH 250	1
∞FDSCI 101	2	FDHUM or FDWLD	2-3	PH 150	1	Minor/Cluster	3
FDREL 121 or 122	2	FDREL 121 or 122	2	FDENG 201	3	CHEM 391	2
						FDREL Scripture	2
Total Credits	15	Total Credits	15-16	Total Credits	15	Total Credits	15

Fall	Credits	Winter	Credits	Off-track	Credits	Fall	Credits

		FDMAT 108 (3 cr)					
		FDMAT 108T (1 cr)					
Total Credits	16	Total Credits	14-16	Total Credits	1	Total Credits	12-13

Winter	Credits
CHEM 470	3
CHEM 471	2
FDCNC 350	2
Minor/Cluster	3
^General Elective	1
FDREL Elective	2
Total Credits	13

Special Instructions

- ~Students not on a Fall/Winter or Winter/Spring track will need to contact the Physical Sciences & Engineering Academic Discovery Center, Austin 106 (208-496-9880) to declare Chemistry as a major. They will also need to meet with them during the beginning of their fourth semester to either apply for Fast Grad or have their track adjusted.
- ~Meet with your Chemistry faculty mentor ASAP to choose a minor (must be in an area outside of Chemistry) and optimize your grad plan! Chemistry Department: 287 Romney; 208-496-770.
- *Students will need to either take FDMAT 108 (3 cr) or test out of it (FDMAT 108T - 1 cr). This can be done anytime after FDMAT 112 is completed. Please see the MATH homepage for more information on the Quantitative Reasoning requirement (<http://www.byui.edu/mathematics/fdmat108/fdmat108t-%28test-out%29>).
- **CHEM 498 Internship is typically completed during the off-track semester before the senior year. Student presents an internship seminar the following semester.
- ∞It is recommended that students choose Option C to complete their Science Foundations requirement, which would be completed with FDSCI 101, CHEM 105, and 4 credits of applicable Physics courses.
- #Complete FDINT 201-203 if a FDHUM course was previously taken; complete FDWLD 201 if FDWLD 101 was taken.
- ^Take only if total credits are under 120.

Instructions:

Now that you have seen the sample schedule for your major, please chart your own personalized plan taking into account the following: track, course availability, completed coursework, and planned graduation. Use this sample schedule, along with your degree audit, to create your plan. You can access your degree audit from your my.byui.edu portal under the Student tab, Degree Information. Once you have completed your planning, please bring this form to the Satellite Advising Center over your major so that an advisor can approve your plan and help you with any fine-tuning.
